**Examiner's Statement of Reasons for Allowance**  
*Allowance*

1. An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this Examiner's amendment was given in a telephone interview with Mr. McGlynn.

2. The claims are amended to read as follows:

1. (CURRENTLY AMENDED) A trunk space storage system comprising:

at least one track mounted in the trunk space; and

a movable wall disposed in a generally perpendicular position in relation to said track, substantially inhibited from movement away from the perpendicular

position, supported for sliding movement along said track in the trunk space, and held in position along said track via friction.

2. (CANCELLED)

3. (CANCELLED)

4. (CURRENTLY AMENDED) The trunk space storage system as in claim 1, wherein there are numerous tracks mounted in the trunk space in which said movable wall slides.

5. (PREVIOUSLY PRESENTED) The trunk space storage system as in claim 1, wherein said track further comprises at least one indent.

6. (PREVIOUSLY PRESENTED) The trunk space storage system as in claim 5, wherein said movable wall further comprises at least one boss to fit into said indent to assist in supporting the position of said movable wall.

7. (CURRENTLY AMENDED) A trunk space storage system comprising:  
at least one track mounted in the trunk space;

a movable wall disposed in a generally perpendicular position in relation to said track in the trunk space, substantially inhibited from movement away from the perpendicular position, and supported for sliding movement by said track; and

a wall extension supported for movement relative to said movable wall and adapted for adjusting the height of said movable wall.

8. (CANCELLED)

9. (CANCELLED)

10. (CURRENTLY AMENDED) The trunk space storage system as in claim 7, wherein there are numerous tracks mounted in the trunk space in which said moveable wall slides.

11. (PREVIOUSLY PRESENTED) The trunk space storage system of claim 7, wherein said track further comprises at least one indent.

12. (PREVIOUSLY PRESENTED) The trunk space storage system of claim 11, wherein said movable wall further comprises at least one boss to fit into said indent to hold said movable wall in desired position.

13. (ORIGINAL) The trunk space storage system of claim 7 wherein said wall extension extends only as high as highest point of said movable wall.

14. (ORIGINAL) The trunk space storage system of claim 7, wherein said wall extension further comprises a rigid, semi-rigid, or a soft, flexible material.

15. (PREVIOUSLY AMENDED) The trunk space storage system of claim 7, wherein abutment between said movable wall and said track inhibits said movable wall from movement away from the perpendicular position.

16. (PREVIOUSLY AMENDED) The trunk space storage system of claim 1, wherein abutment between said movable wall and said track inhibits said movable wall from movement away from the perpendicular position.

17. (PREVIOUSLY PRESENTED) The trunk space storage system of claim 7, wherein said movable wall includes a cutout such that said movable wall mimics an opening of the trunk space.

18. (PREVIOUSLY PRESENTED) The trunk space storage system of claim 17, wherein said wall extension is supported by said movable wall and is adapted for adjusting the height of said movable wall at said cutout.

19. (PREVIOUSLY PRESENTED) The trunk space storage system of claim 1, wherein said movable wall includes a cutout such that said movable wall mimics an opening of the trunk space.

3. The following is an Examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case, is the inclusion of the limitation "at least one track mounted in the trunk space; a movable wall disposed in a generally perpendicular position in relation to said track in the trunk space, substantially inhibited from movement away from the perpendicular position, and supported for sliding movement by said track; and a wall extension supported for movement relative to said movable wall and adapted for adjusting the height of said movable wall" in the independent claim, in combination with the other recited limitations in claims supported by this application, which are not found in the prior art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
